Anti Bullying Policy

MELIOR COMMUNITY ACADEMY **Anti Bullying Policy**

At Melior Community Academy we focus on developing the whole person, aiming to ensure that each student leaves here ready for the challenges of life at college, work, university and beyond and understanding their responsibilities towards others. We want our students to leave Melior Community Academy well equipped to engage positively with a rapidly changing world as accomplished problem solvers and innovators, confident in their ability to lead and with a clear appreciation of and respect for the views and potential of others.

This document encompasses the Ethos of the academy by empowering students to be Supportive in their community.

The “Group Support and Restorative Justice” approach underpins this document.
(See Appendix A)

The Policy

All cases of bullying are serious, whether physical or emotional/psychological.

The aim of the policy is to prevent bullying of any sort and to ensure that everyone can operate in a supportive, caring and safe environment without fear of being bullied. All members of the community, including Trust directors and representatives, teaching and non-teaching staff, students and parents should have an understanding of what bullying is and be familiar with the academy policy on bullying: therefore the aim of the policy is to help members of the academy community to deal with bullying when it, if and when it may occur and, even more importantly, to prevent it.

Bullying is an anti-social behaviour which affects everyone; it is unacceptable and it will not be tolerated. Everyone in the community has a responsibility to report any incident of bullying that comes to their attention and these reports will always be taken seriously. A safe and secure environment is essential for effective learning and every student has a right to a positive school experience.

What is Bullying?

Bullying may be defined as any deliberately hurtful behaviour, usually **repeated over a period of time**, which intentionally hurts another pupil or group physically or emotionally. It is often difficult for those being bullied to defend themselves, and it is often motivated by prejudice. Examples of unacceptable bullying behaviour include:

- Physical (including sexual) assault
- Verbal abuse, by name calling, teasing or making offensive remarks
- Cyber-bullying, which is defined as the use of ICT by an individual or group in a way that is intended to upset others. Examples include using social websites, mobile phones, text messaging, photographs, video and e-mail (please refer to the Cyberbullying Policy)
- Indirect emotional tormenting by excluding from social groups or spreading malicious rumours

The Effects of Bullying

For Victims

Bullying behaviour can be demeaning, frightening, emotionally and psychologically harming. A student being bullied may be unable to learn effectively. Being bullied can result in fear, depression and feelings of worthlessness, despair and anger. It may also cause confusion leading to self blame and guilt. These may manifest themselves in poor concentration, declining academic performance, withdrawal, low self esteem, isolation, truancy, physical illness and even self harm.

Melior Community Academy has a pro-active policy which focuses on early intervention, referral system and support for identified students.

For the Bully

Bullies can also suffer in the long term. If they are not helped they may persist with bullying in their adulthood. Tackling bullies simply with punitive measures can reinforce their behaviour/attitude “Nobody is born a bully”. It is acknowledged that bullies may have complex reasons for their behaviour and may well need help. It should also be recognised that the consequences of being allowed to ‘get away with it’ can be detrimental to them as well as to their victims. All students deserve the opportunity to be helped to understand what acceptable behaviour is. There are criminal laws that apply to harassment, assault and threatening behaviour. If the academy feels that a criminal offence may have been committed they may seek assistance from the police.

Criminal law

Although bullying in itself is not a specific criminal offence in the UK, it is important to bear in mind that some types of harassing or threatening behaviour – or communications – could be a criminal offence, for example under the Protection from Harassment Act 1997, the Malicious Communications Act 1988, the Communications Act 2003, and the Public Order Act 1986. If the academy feels that a criminal offence may have been committed they may seek assistance from the police.

Melior Community Academy aims to support students who exhibit bullying behaviour by addressing their behaviour. Sometimes Bullies do not know that they are bullies. A more consistent and effective approach through education and support is required. Above all, it is the constant reinforcement of positive behaviours which will enable students to realise how they can harm an individual but can also change and support one another from the opportunities that they will be given.

Students who over a period of time are not able to change their behaviour will follow the School Discipline system (Consequences). Students who assault individuals will be excluded as part of the School Discipline system (Consequences). It is an immediate fixed term or permanent exclusion.

What to look for:

Students who are being bullied may show changes in behaviour, such as becoming shy and nervous, feigning illness, taking unusual absences or clinging to adults. There may be evidence of changes in work patterns, lacking concentration or truanting from school.

Members of staff and all members of the community must be alert to the signs of bullying; legal responsibilities are known and community members should act promptly and firmly against it, in accordance with the policy.

How and when does Bullying happen?

- Any time – but **over a period of time**
- Anywhere

Bullying can take the form of:

- name calling
- Emotional abuse
- making fun of others in a nasty way
- stealing or damaging other's belongings
- Intimidation, frightening or forcing others into doing things that they do not want to do
- hitting, punching etc. or threatening to do so
- ostracism
- racism - homophobia

What Melior Community Academy Seeks to do?

To create a positive climate in which children care for each other and will, themselves, report incidents of bullying. All academy staff have a responsibility to provide a safe environment in which students can learn

Strategies to achieve this include:-

- early intervention by all staff as they go about their business in school. (see Appendix A WHOLE SCHOOL INVOLVEMENT)
- completion of "Help" cards by student self referral
- completion of "Help" cards by member of staff or Buddies who have been approached by a student requesting help
- early intervention by Form Tutors and Anti Bullying Co-ordinator on receiving "Help" card
- Peer Buddies – specially trained students linked to particular year groups
- parent partnership to support students
- awareness raising in Drama and Philosophy & Ethics lessons
- use of friendship groups
- use of mediation
- use of restorative justice
- use of outside agencies including the LEA Anti-Bullying Project
- monitoring of bullying incidents through referrals

Melior Community Academy will address the issue of bullying proactively:-

- in Assemblies
- in Philosophy & Ethics programme
- having posters and leaflets displayed around school
- team of trained Peer Buddies identified by badge
- outside agency "performance" presentations specialising in Bullying
- early intervention on all reported cases
- de-escalation strategies for cases needing immediate action or because students have been put in "threatening" situations
- and the wider curriculum to raise awareness, with discussions of differences between people and the importance of avoiding prejudice

Cyber-bullying

The rapid development of, and widespread access to, technology has provided a new medium for 'virtual' bullying, which can occur in or outside school. Cyber-bullying is a different form of bullying and can happen at all times of the day, with a potentially bigger audience, and more accessories as people forward on content at a click.

The wider search powers included in the Education Act 2011 give teachers stronger powers to tackle cyber-bullying by providing a specific power to search for and, if necessary, delete inappropriate images (or files) on electronic devices, including mobile phones.

Any incidents of cyber bullying will be dealt with in line with the academy anti-bullying policy and consequences system.

Homophobic Bullying

Homophobic bullying is behaviour or language that makes a young person feel unwelcome or marginalised because of a perceived or actual sexual orientation. Homophobic bullying occurs when bullying is motivated by a prejudice against lesbian, gay or bisexual people. Melior Community Academy is a fully inclusive academy and takes an active approach to tackling all forms of bullying including homophobic bullying.

Homophobic bullying can be hard to identify because it may be going on in secret. Sometimes, students may not want to tell anyone about it because of perceived judgements from others.

Generally, homophobic bullying looks like other sorts of bullying, but in particular it can include:

- Verbal abuse – including spreading rumours that someone is gay, suggesting that something or someone is inferior
- Physical abuse – including hitting, punching, kicking, sexual assault, and threatening behaviour.
- Cyberbullying – using on-line spaces to spread rumours about someone or exclude them. Can also include text messaging, including video and picture messaging.
- 'Being outed' (the threat of being exposed to your friends and family by them being told that you are gay, lesbian or bisexual even if you are not)
- Indirect bullying / social exclusion (being ignored or left out)
- Sexual harassment (inappropriate sexual gestures)

Any incidents of homophobic bullying will be dealt with in line with the academy anti-bullying policy and consequences system, this will be 'swift, proportionate, discreet, influential and effective'.

Incidents of casual homophobic language will be appropriately challenged by staff, and it is made clear to all members of the school community that this language will not be tolerated.

Xenophobic or racially motivated bullying

Melior Community Academy is situated in a largely white area and has a predominantly white British intake. It is precisely because many of our young people have had little contact with or experience of other cultures that ignorance, confusion and misinformation may result and opinions about other cultures become stereotyped.

The academy welcomes the diversity of cultures, backgrounds, faiths and beliefs and celebrates the home languages, dialects and accents of all pupils, staff and other stakeholders associated with the school.

We will ensure that the academy nurtures an ethos and environment where all are valued and where views are taken into consideration. All associated with the academy are committed to dealing with incidents involving racism (including prejudice and stereotyping), racial harassment, and racist name calling whenever they occur.

The academy is an anti-racist establishment and is committed to:

- addressing racism;
- ensuring action to support victims of racism;
- ensuring existing academy policies address inappropriate behaviour around racism and other discriminatory practices;
- recording and reporting racist incidents

‘A racist incident is any incident which is perceived to be racist by the victim or any other person.’

Any incidents of Xenophobic or racially motivated bullying will be dealt with in line with the academy anti-bullying policy and consequences system, this will be ‘swift, proportionate, discreet, influential and effective’.

Incidents of casual xenophobic or racially derogatory language will be appropriately challenged by staff, and it is made clear to all members of the school community that this language will not be tolerated

Bullying outside school premises

Teachers have the power to discipline pupils for misbehaving outside the school premises “to such an extent as is reasonable”. This can relate to any bullying incidents occurring anywhere off the school premises, such as on school or public transport, outside the local shops, or in a town or village centre.

Where bullying outside school is reported to school staff, it will be investigated and acted on. The academy will also consider whether it is appropriate to notify the police. If the misbehaviour could be criminal or poses a serious threat to a member of the public, the police will always be informed.

Recording and Reporting Incidents:

When investigating a reported incident staff should use the same protocol for any other academy incident

All information regarding racial incidents, is kept in a confidential centrally maintained file held by the Anti-Bullying Coordinator

Investigating an incident

- Record the incident on a Yellow Incident Form in any instance where the victim or perpetrator is a student
- Alert the anti-bullying coordinator/SLT/Phase Leader who will speak to all parties involved. Who will...
 - support the victim and re-affirm to all parties the academy’s ethos of zero-tolerance to discriminatory behaviour and inclusion of all members of the academy community
 - support the alleged perpetrator (if a student or staff member) and re-affirm the academy’s ethos of zero-tolerance to discriminatory behaviour and inclusion of all members of the academy community.

- The anti-bullying coordinator will keep the situation under regular review to ensure that any harassment, abuse or victimisation has stopped and that the victim feels safe.
- The academy will evaluate sharing information with Police and will consider any curriculum implications, including the need for a special assembly or changes to the academy's behaviour code or other policies. The academy may also need to consider if there is a child protection or channel referral that needs to be passed on to outside agencies

Whole School Involvement

Look out for any behaviours identified in policy. Staff to encourage students to respect one another i.e. one another's feelings and their treatment of one another.

Anti-Bullying Awareness (developing empathy)

Can we try extra hard to adopt a common concern approach when dealing with any unsociable incident which you may come across in your classrooms or on duty. We can change how students behave towards one another if we all approach incidents in the same way.

- It is important that all students realise that aggressive, violent or cruel behaviour is unacceptable. Please tell students this.
- Do not let the students defend their behaviour by using the words "I/We only" or "I/We just". Please ban "only" and "just" from their explanations. These students are trying to diminish the seriousness of what they have said or done.

For example:

"I only pushed her" (but she did push her)

"I only moved her chair" (but he did move the chair)

"I just hit him once" (but he did hit him)

"I was just teasing" (but he/she was teasing)

"We were only joking" (but they were making fun of)

"We were just playing a game" (but it wasn't a game to the victim)

- If you are faced with students saying
"It was a joke" CHALLENGE THEM – Was everyone laughing?
Did everyone find it funny? If it really was a joke everyone should be amused, so why is this person unhappy?
- "It was just a game" CHALLENGE THEM – Did everyone join in? Was anyone left out? Did they really want to be left out? Was every one happy to play? If it was really a game as alleged, then everyone should have been happy to play and those not playing would have chosen not to join in. Why is this person unhappy then?
- "It was an accident" CHALLENGE THEM – Has someone gone to fetch help? Has anyone apologised? Is anyone comforting the person who has been hurt? This is what happens after a real accident. If it's not happening, then it's not an "accident".
- If students are unkind, unpleasant to one another in your classes it is your responsibility to draw attention to the fact that it is inappropriate behaviour and will not be tolerated. Reprimand please ... if persistent Formal Warning as necessary
Consequences or green sheet – fill in bullying section. Report to Phase Leader for year group.

- **Please show clear verbal approval when you see/hear students:**
 1. **Showing kindness to others.**
 2. **Helping others**
 3. **Trying to resolve conflicts by listening to the other persons view and talking through the situation resulting in a way forward**

Teaching Staff/Support Staff approached by Student needing help

- If this is an obvious one off incident deal with it as such, there and then. Do not red card one off incidents or general fall outs. Bullying happens over a period of time, is not just “fall outs.”
- If it is an ongoing problem with students who have suffered over time. Please complete a red card with the student.
- If relationship fall outs or occurrences of students being unkind or unpleasant to one another happens in your classroom – it is your responsibility to draw attention to the fact that it is not appropriate behaviour and it will not be tolerated. Reprimand then give Formal Warning if necessary. Formal Classroom Warning Sheet. Green Reports have Bullying Section on also –
3 use as appropriate.

We are trying to develop a ‘Whole School’ Positive Relationship Culture which is built around feelings and which will lead to empathy. If you are on Duty – please do not tolerate “verbal nastiness” between students. Please point out that it is not acceptable behaviour.

If you are approached for help and, it is a long drawn out situation which is causing ‘grief’ and ‘worry’ please

- Take them somewhere quiet and private
- Complete the ‘help’ card with student
- Listen actively to what they tell you
- Take what they say seriously
- Complete the reverse of the card with as much detail as you can. If bullying, please ask “how long has it been going on?” – remember it must be going on over a period of time.
- Take card straight to Mrs Donnelly
- Look after them if upset or frightened
 - make them feel safe
 - make them smile if you can
 - tell them we will help

Form Tutor involvement with Anti Bullying Co-ordinator Overseeing

Step 1

On receiving a red 'help' card from an Anti Bullying Co-ordinator please act immediately. We are trying to provide a fast initial response.

Step 2

Either yourself or the 'Buddy' assigned to your class must complete the Information/record sheet attached to the card. Do this in a private setting.

NB. Buddy cannot fill in the strategy section Form Tutor must do this – use the Stay Safe, Think Safe, Act Safe Code displayed in classroom.

Step 3

- a) When the Information/record sheet has been completed please put into pigeon hole of Anti Bullying Co-ordinator Mrs Donnelly.
- b) Contact parents by phone to let them know of the situation.

Step 4

During the next two weeks the Anti Bullying Co-ordinator or one of her team of Peer Buddies will visit your tutorial to monitor and assess the progress of the situation with the student. The Anti Bullying Co-ordinator will liaise with the Form Tutor of any identified bullies.

Step 5

After two weeks the situation will be reviewed. If no progress/still concerns the Anti Bullying Co-ordinator will put in other strategies.

Form Tutor of identified bullies

If Anti Bullying Co-ordinator approaches Form Tutor who has a victim in their form please do the following.

- * Speak to the student a.s.a.p. **do not** give victim's name.
- * Explain that you have become aware that they have displayed some **inappropriate** behaviour towards another student making them feel very unhappy, sad, frightened.

Ban the words "I only" "I just did this"

Ask if they 'know' what you are talking about.
(...give them clues but not names if needed)

Explain how everyone in school has a right to be safe and to be happy, and that everyone is different with different feelings and personalities. You might think it 'fun' and do not mean any harm but the other person may not realise you are having a bit of fun and your behaviour causes upset. Unit referrals for inappropriate behaviour towards other students can be given out if this type of behaviour happens in class.

Ask if they have any suggestions on how they could alter a similar situation in the future i.e. what ideas they have to change.

If they come up with something appropriate say "thank you for that I think that is a very good idea" and "do you think you can do that in the future".

If they do not come up with an idea perhaps you could suggest one.

Finally if they come up with strategies

Praise them for being thoughtful towards others and reinforce that in future they should try to do as they have suggested so the school becomes a happier and nicer place to be in for everyone.

Remember we are trying to build positive relationships in school.

Anti Bullying Co-ordinator will monitor the situation and report back to Form Tutor.

You may receive green report sheets identifying problems - Alert Anti Bullying Co-ordinator (Mrs Donnelly) if this is the case.

The Support Group Approach – Basic Technique for Anti Bullying Co-ordinator Friendship Groups

Step One – Interview with the victim

When you find out that bullying has happened start by talking to the victim about his/her feelings. Do not question the victim about the incidents but we do need to know who was involved.

Step Two – Convene a meeting with the people involved

Arrange to meet with the group of pupils who have been involved. This will include some bystanders or colluders who joined in but did not initiate any bullying. We find that a group of six to eight young people works well.

Step Three – Explain the problem

Tell them about the way the victim is feeling (and might use a poem, piece of writing or a drawing to emphasise the distress). At no time discuss the details of the incidents or allocate blame to the group.

Step Four – Share responsibility

Do not attribute blame but state that the group are responsible and can do something about it.

Step Five – Ask the group for their ideas

Each member of the group is encouraged to suggest a way in which the victim could be helped to feel happier. Give some positive responses but do not go on to extract a promise of improved behaviour.

Step Six – Leave it up to them

End the meeting by passing over the responsibility to the group to solve the problem, and arranges to meet with them again to see how things are going.

Step Seven – Meet them again

About a week later meet to discuss with each student, including the victim, how things have been going. This allows the teacher to monitor the bullying and keeps the young people involved in the process.

Step Eight – Meet them again

About a week later to discuss how things are going.

Further meetings as appropriate.
